

## FRY'S WILL FILED.

## Petition Also Made for Letters of Administration.

The Father and Uncle of Young Fry Leave Ostensibly for Home but Possibly for El Paso.

Another move or rather two moves and possibly three were made yesterday in the Butler-Fry matter. The will of the deceased Marcus A. Fry in favor of Mrs. Butler was filed in probate court late in the afternoon along with a petition praying that letters of administration with will annexed be granted Gen. A. J. Sampson.

Messrs. G. B. Fry and Dr. McDowell, father and uncle of young Fry, left the city on Wednesday night having given out that they intended to return directly to Franklin, Pa. It is expected that the primary object of the trip is El Paso where they will attempt to obtain the box left there by Fry on deposit with a bank. This box contains beside valuable personal effects belonging to young Fry and Mrs. Butler all the life insurance policies carried by Fry, amounting it is variously estimated at from \$25,000 to \$125,000.

The receipt for this box was in Fry's name and was among his effects at death. On the arrival here of his father and uncle it was turned over to the father by Mrs. Butler, before she had any knowledge of the existence of the will or before she had had a consultation with her attorneys.

The fact of the will having been made known the elder Mr. Fry made an attempt to secure possession of the box but the bank at El Paso was requested by H. C. Magne who with Judge Woodward represents Mrs. Butler, to hold it. He was assured in reply that the box would be delivered only to some one legally empowered to receive it so that at this stage of proceedings it is not probable that the father of young Fry can get possession of it.

Even if he should be able to do so it would not impair Mrs. Butler's claim, but would only force upon her the burden of securing certain evidence as to the policies which the policies themselves would make plain.

An exact knowledge of the character of the policies would greatly facilitate matters, as if it should appear that the policies are made payable to the mother of the deceased the will would be worthless since it devises nothing to Mrs. Butler except proceeds amounting to \$10,000, to be realized from the policies. On the other hand should it transpire that policies of the amount mentioned in the will are made payable to the insured, the only relief of the father of the young man would lie in breaking the will. The latter character of the policies is what Mrs. Butler would have to prove should Fry obtain possession of the box. Only for this reason have her attorneys made an effort to prevent it.

## NOT A LEPER.

Fon-Bau's Friends Say He's the Victim of Revenge.

Charley Yak, "the same Mexican man," called yesterday at THE REPUBLICAN office to demand retraction of a statement which lately appeared in these columns charging Fon-Bau with leprosy. Mr. Yak says the report was started among the Chinese on account of enmity toward Fon-Bau. Fon-Bau was stated in the Chinaman who last fall went successfully against a Chinese lottery and struck it so squarely that it never resumed business. Nobody had hit it before but Fon-Bau won \$800, much more than was back of the concern. The Chinese never repudiate debts among themselves so the lottery proprietors paid the \$800 but it took them three weeks to raise the money.

On account of the destruction of the lottery Fon-Bau became unpopular among the bulk of his countrymen.

His unpopularity was increased by his refusal to lend any of his winnings to his left thrifty neighbors who sought revenge by accusing him of being a leper.

## BOYS BRIGADE.

Drill and Entertainment in Presbyterian Church.

The entertainment of the Boys Brigade given last evening in the Presbyterian church attracted a large audience. The drill of the boys showed that under the careful training of Capt. Alkire they have not only attained a high degree of proficiency but have as well acquired a general manly bearing. A talk upon the Boys Brigade by Rev. Preston McKinney was very entertaining. Other contributors to the pleasure of the evening beside the Boys Brigade band were Mrs. Walter Porter, Mrs. Randall, Miss Kendall, Miss Curns and Miss Plank.

## Real Estate Moving.

Within the past week or ten days there has been a pronounced activity in real estate matters. This is easily proven by the county records. There is much inquiry of the value and desirability of residence lots. Everyone acknowledges that an upward movement is inevitable. Each desires to profit thereby. Shrewd observers have their eyes upon the Simms addition half a mile out Center street. It is conceded that this will be chosen as a site of fine residences as the city increases in population.

## The Nickel Plate.

The Nickel Plate here referred to is neither a railroad nor a solution for brightening skates but a restaurant and a good one. It is called the "Nickel Plate" not because beans and wheat cakes are a nickel a plate, they are twice that amount in price and well worth it in quality, but because it had to have some name and "Nickel Plate" seemed suggestive of all that was fresh and bright and clean which is most appropriate to the case in point. Just now the Nickel Plate is making a specialty of pastry. It's fried chicken tickles many a palate every day.
